“David Swanson will be remembered and well recognized as the citizen who held up a lamp in the darkness and cried, as did good Tom Paine: ‘We have it in our power to begin the world over again.’”—**JOHN NICHOLS**, from the foreword

“*Daybreak* is an eye-opener about how our nation was hijacked by the Bush administration and how much repair work we, as citizens, must do. David Swanson, who has been a one-man wonder leading the charge for accountability, writes a compelling narrative that inspires not just outrage, but ACTION.”

—**MEDEA BENJAMIN**, cofounder of **CODE PINK** and **Global Exchange**

“*Daybreak* urgently reminds us that good political intentions are not sufficient to ensure the continuation of our democracy; informed vigilance is vital to that task.”

—**MARK KARLIN**, editor of **BuzzFlash.com**

“[*Daybreak* is] a useful guide to restore the balance of powers and reclaim our constitutional system of government.”

—**MARJORIE COHN**, president of the **National Lawyers Guild**

A LEADING PROGRESSIVE VOICE AND COFOUNDER OF THE ANTIWAR AFTER DOWNING STREET COALITION, BLOGGER AND ACTIVIST DAVID SWANSON FOCUSES

his tireless efforts to unveil the wrongs of the past eight years in this citizen’s guide to removing power from the hands of one person, placing it in a body of representatives, and (here’s the hard part) making that body truly representative of the American people.

Daybreak: Undoing the Imperial Presidency and Forming a More Perfect Union makes clear that the imperial presidency, which advanced so dramatically during the Bush-Cheney era, will not be stopped merely by electing better presidents. Major structural changes are needed to rein in runaway executive power and make America a true leader in democratic principles.

Only through the active efforts of citizens, Swanson argues, can we restore our rights, and expand our conception of political rights to meet new challenges. *Daybreak* offers a shocking and inspirational breakdown of all that we have lost, and all that we have to gain.

DAVID SWANSON is cofounder of AfterDowningStreet.org, creator of ProsecuteBushCheney.org, Washington director of Democrats.com, and a board member of [Progressive Democrats for America](http://ProgressiveDemocratsforAmerica.com).
